## Congratulating the Class of 2020

It is with a tremendous sense of pride that I congratulate the Class of 2020 on their VCE results. As individuals and as a cohort they have shown great resilience and perseverance in the face of the many challenges presented over the course of the year. They are strong, capable and courageous and in their leadership of our community, they have shown themselves to be creative, compassionate and caring. In response to the demands placed on them by the year, they continued to look outward for ways to contribute to our community and to the world beyond. They leave St Michael's well-equipped for a world that is uncertain and I have no doubt they will continue the tradition of Old Michaelians making a significant, positive difference to the world.
